

to cancel the Shipper's Export Declarations which have been filed. This provision is not intended as an exception from the requirements of §30.12 as to the place at which Shipper's Export Declarations are required to be filed; it is intended only for cases where an emergency requires an unintended unloading after the requirements of §30.12 have been met.

§§ 30.35—30.36 [Reserved]

§30.37 Exceptions from the requirement for reporting complete commodity detail on the Shipper's Export Declaration.

(a) Where it can be determined that particular types of U.S. Government shipments, or shipments for Government projects, are of such nature that they should not be included in the export statistics, and further, where no detriment to the export control program would be involved, special arrangements can sometimes be made to waive compliance with specific portions of the requirements of §30.7 with respect to the reporting of detailed information on the Shipper's Export Declaration. Such exceptions will be made only upon application by the exporter and specific authorization to the Customs Director and the exporter for the particular project or shipment, approved by both the Bureau of the Census and the Office of Export Administration, and will be conditioned upon a prescribed identification which must appear upon the declarations. The particular types of shipments for which such exceptions may be possible are as follows:

(1) Shipments to a contractor under a Department of Defense or other armed service contract for the construction of facilities for the use of the U.S. armed services.

(2) Temporary exports by or to U.S. Government agencies.

(3) Shipments of supplies and material to contractors in the Panama Canal Zone for the construction and/or maintenance of the Panama Canal Zone and its facilities.

(b) Special exemptions to specific portions of the requirements of §30.7 with respect to the reporting of detailed information on the Shipper's Export Declaration may also be granted

by the Bureau of the Census with the concurrence of the Office of Export Administration for certain Department of Defense shipments, or shipments made on behalf of the Department of Defense, to foreign governments under the cash reimbursable provisions of the Mutual Defense Assistance Program (military sales), if and when arrangements have been made for the Bureau of the Census to obtain the desired statistical information other than through the reporting of complete commodity detail on the Shipper's Export Declaration.

§30.38 [Reserved]

§30.39 Authorization for reporting statistical information other than by means of individual Shipper's Export Declarations filed for each shipment.

(a) A Customs Director, if he finds that no administrative difficulties are involved, may authorize the filing of one Shipper's Export Declaration per month, in lieu of a declaration for each shipment as required by §30.6, for the following types of frequently recurring shipments by air from a single consignor from one U.S. airport to one country of destination and one port of unloading via a single airline:

(1) Newspapers and magazines.

(2) Newsreel films, mats, proofs, etc.

(3) Airline timetables being shipped by the airline.

(4) Shipments of registered carrier stores by a United States or Canadian airline to each of its installations or agents abroad which are exported under General License RCS of the Export Administration Regulations set forth in §371.12(d) of this title. Such authorization will be subject to the requirement that a declaration covering all such shipments made during the month named on the declaration will be filed by the consignor with the Customs Director no later than the fifth working day of the month following the month covered, and also except for shipments under paragraph (a)(4) of this section, subject to the requirement that a Continuation Sheet or other attachment filed with the declaration will list the names of the individual consignees and the number of items shipped to each.
